

2021 REFERRAL TO EPA

LOG: 00857

Date: 3/02/21

City, State: Unknown

Certainty Index: N/A

Narrative: Voice mail message received. Provided return voice mail to caller at 08:45, 09:22, and 10:18 on 03/03/2021 but unable to leave message because caller's voicemail system was not set up.

Caller's message stated that she had used a Seresto flea collar (active ingredients flumethrin, imidacloprid) and that the collar had caused medical issues in her male (unknown if neutered) pit bull and also in herself and her boyfriend.
